

HEALTH AND SAFETY GUIDELINES

Richie's Plank Experience is an immersive adrenaline-based virtual reality experience. It invokes a near-instant reaction to a simulated scenario involving heights that might feel life threatening to you. Players may experience disorientation, loss of balance, elevated heart rate, vertigo/dizziness, lightheadedness, seizures, blurred/double vision, nausea, panic attacks, anxiety, impaired decision-making ability, and/or other physical or psychological reactions or injury.

Check with your doctor before playing this game if you have a current or pre-existing medical condition, especially, but not limited to, conditions that impact your heart, blood pressure or lungs. If at any time while playing the game you feel overwhelmed and/or fearful, immediately remove the headset and STOP playing the game, sit down, and close your eyes. Seek medical treatment if you have any serious and/or persistent symptoms.

This game is not appropriate for children under the age of 13. If you are under the age of 18, a parent or legal guardian must review these Health and Safety Guidelines with you and agree to the [EULA](#).

Every player must read and follow these IMPORTANT Health and Safety Guidelines before playing. Failure to follow these guidelines may lead to injury and/or other harm:

1. DO NOT PLAY if you are pregnant, elderly, suffer from acrophobia (fear of heights), vertigo, epilepsy, seizures, a heart condition, high blood pressure, are under the influence of alcohol or drugs, have issues with balance, have a history of emotional or psychological problems, are experiencing illness or headaches, are tired, otherwise impaired, or suffer from any serious medical conditions.
2. DO NOT PLAY while in a moving vehicle or while operating machinery.
3. DO NOT RUN OR JUMP off the plank.
4. Ensure there are TWO ADULT SUPERVISORS standing on either side of you at all times, ready and capable of catching you if you lose balance or fall, and to warn you of potential hazards in your environment.
5. Create and maintain a SAFE ENVIRONMENT as your vision of your actual surroundings will be completely blocked. Do not use outdoors, near dangerous objects, open flames, windows, stairways, furniture, walls, cabinets, cables, pets, children, or any obstacles. Wear sensible shoes (joggers/tennis shoes). If you have set up a plank make sure the plank is stable. Establish and enforce a no pushing or provoking rule with those around you.
6. Do not start the game mid-way through on a new player. All players must enter the game on the ground level to help minimize the risk of injury.
7. Ensure all players have read and agreed to the EULA, these Health and Safety Guidelines, and the guidelines/manual that came with the VR headset for further safety information. Ensure players have familiarized themselves with the gaming system.
8. If you are unable or refuse to follow the safety guidelines at this time, please remove the headset and do not proceed.

Toast VR is not responsible for any injury and/or damage caused by your actions while playing this game. By proceeding, you accept the risks and attest that you reviewed and understand these Health and Safety Guidelines.
